Villa

Property Description

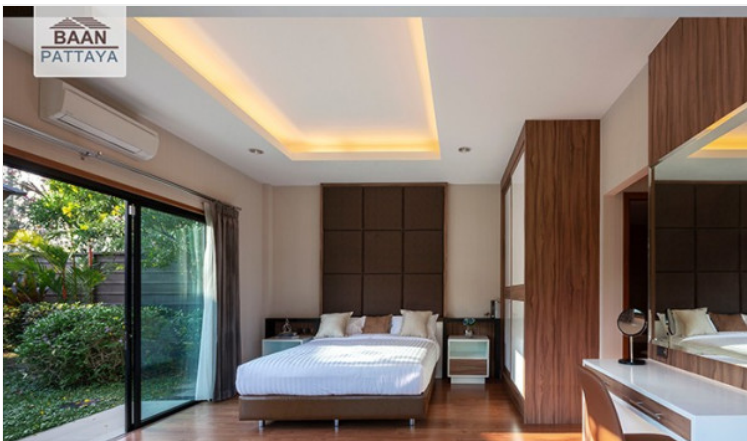

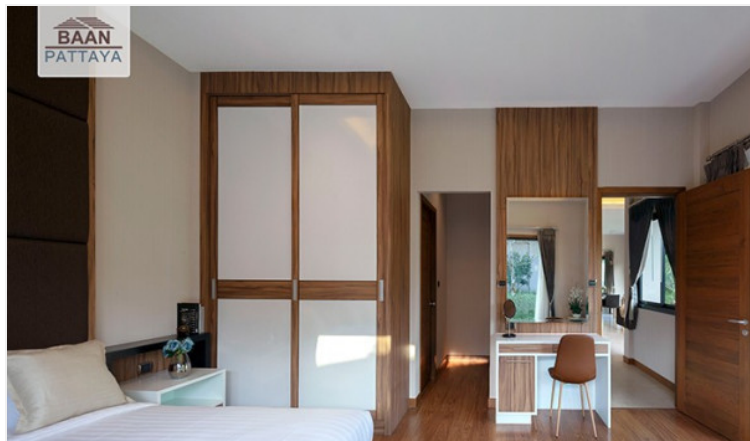

Baan Pattaya 6 is a luxury residential project which has 72 exclusive plots, standing on 57.6 acres of land. The usable area starts at 171 sq meters and plot sizes range from 114 to 458 square wah in size, with prices starting at 6.63 million baht for the smaller ones and going up to 17 million for the biggest one!

Ready-to-move-in houses or built-to-order houses depend on your choice but we always recommend you work closely with our professionals who will be able to produce any layout that you might want and make sure it meets your needs as well as possible.

In addition, amenities include high-quality materials; spacious living areas; alternative swimming pools available per unit; 24 hours security with an access control system. Special features of the project are that all villas have a pleasant atmosphere surrounded by nature with an underground electricity system (which means there won't be any problem during stormy periods). Each unit comes equipped with a parking space.
